

ETHICS AND APELSCIDLA REGULATIONS REVIEWED IN NEW VSPE SEMINAR

***Gain a better understanding of the APELSCIDLA Regulations and
how they impact your practice as a professional.***

What's Covered in the Seminar:

- * Review the APELSCIDLA Regulations as well as ethical responsibilities of licensed design professionals.
- * Discuss practical examples and case studies dealing with ethics and the Regulations.
- * Take an open book examination of the Virginia APELSCIDLA Regulations and those portions of the Code of Virginia pertinent to the Regulations.
- * Grade the exam in class and all questions will be reviewed and cross-referenced with the Regulations.
- * You will receive copies of the Virginia APELSCIDLA Regulations, its Resource Guide, and copies of the various codes of ethics for professional engineers, architects, land surveyors, landscape architects and interior designers.
- * Receive a certificate at the conclusion of the seminar verifying the earning of 5 Professional Development Hours.

Three Reasons Why You Should Attend

1. Gain a better understanding of the APELSCIDLA Regulations and how they impact your practice as a professional.
2. Become familiar with the ethical responsibilities of licensed design professionals.
3. Earn 5 of the 16 required continuing education credits by participating in this seminar. In 2006, the General Assembly passed legislation requiring continuing education for Professional Engineers, Architects and Land Surveyors. Effective April 1, 2009, these professionals are required to complete the equivalent of 16 continuing education credits each biennium to maintain their license.

Who Should Attend: Professional Engineers, Engineer Interns, Architects, Land Surveyors, Certified Interior Designers, Certified Landscape Architects, Government Reviewing Agents

Date: Friday, April 17, 2009
